ENERGY: THE FOUNDATION OF OUR GLOBAL FUTURE

WEDNESDAY FEB. 15, 2023
9 A.M. MST (UTC-7)

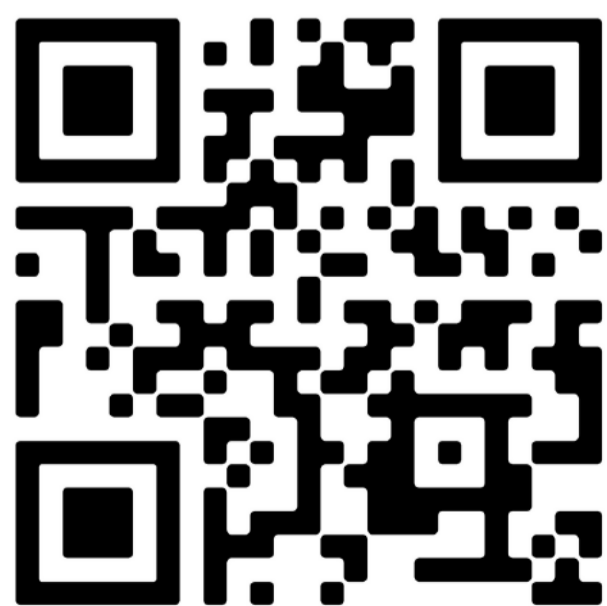

Energy is the fabric and foundation of modern society. As humans, we need energy for our survival and livelihoods.

Join us to learn about the science of energy, the ways climate challenges, equity and justice impact our society and how the #1 most innovative university in the U.S. is addressing energy concerns through sustainability and innovation.

**GUEST LECTURER
DR. NALINI CHHETRI**

Dr. Chhetri is a professor in Arizona State University's School for the Future of Innovation in Society and the School of Sustainability as well as a Sr. Global Futures Scientist at the Julie Ann Wrigley Global Futures Lab. Her work centers around climate impact, gender communication, technology in developing nations and urban sustainability.
